MEMORANDUM FOR: Chief, Supply Division, OL

SUBJECT : Major Logistical Support Requirements Levied
Without OL Participation in Planning

1. The following examples represent major requirements levied upon Supply Division wherein little or no advance planning information was made available to Supply Division until a requisition was submitted. In most instances, continued pressure for early delivery was made despite lead time factors outside the control of the Office of Logistics.

	<u>Activity</u>	<u>Date</u>	<u>No. of Vehicles</u>	<u>Dollar Value</u>
25X1A		Nov. 68		
	"	Dec. 68		
	Vietnam Projects	Oct. 67		
	"	Dec. 68		
	"	Feb. 69		
	"	Jun. 69

2. It is realized that due to the project approval system, firm commitments cannot be made in advance of the approval of the project or project amendment. However, if the Office of Logistics had participated in the planning process, the operational elements would have had a more realistic view of lead-times required to deliver these vehicles to the field.
